Old school values in a modern era

We nurture • We teach • We digitally prepare

**Quality education for children
6 weeks - 4 years**

Mama Jack Preparatory Academy is not just a daycare center

Our mission is to provide all students with a challenging curriculum in a nurturing Christian environment.

Why Mama Jack Preparatory Academy?

1

We nurture and care for children.

MJPA is a **nurturing** and blessed learning facility that strives to provide your children with the best start possible in **educational** learning, development, and **spiritual growth** in our Lord Jesus Christ.

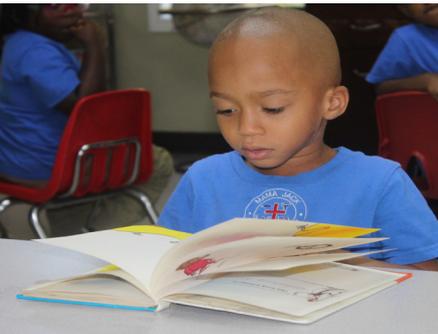

Old school values in a modern era

2

We teach children.

MJPA ensures that even the youngest child is taught based on age-appropriate **rigorous curriculum**. We understand that in order to set students up for success in any academic setting, they must have a strong foundation in **literacy, mathematics, and social and emotional development**.

Our goal is for students to graduate from MJPA reading and writing proficiently at 4 years old!

3

We digitally prepare children.

Because we realize that today's students are digital natives, **technology** is heavily integrated into our curriculum. We believe that the effective use of educational technology tools helps students become **self-directed learners** and prepares them to be successful **global citizens**.

MJPA develops well-rounded children, helping them grow spiritually, socially, emotionally, and intellectually.

"My daughter went to Mama Jack Preparatory Academy when she was 18 months. She remained at MJPA until she started Kindergarten. The education that she received from this school was far superior than anything that I could ever imagine. At the age of four, she was reading on a first grade level and completing first grade math problems."
